

Kenaidan Contracting Ltd.

General Contractors

Projects: Peterborough WWTP Expansion: Mechanical Work Package: 3,350,000
Lakefield WWTP Solids & Disinfection, Contract 8: Mechanical Work Package: 12,700,000
Lakefield WWTP Thermal Oxidation Upgrade, Contract 10: Mechanical Work Package: 10,970,000

Excerpt from Reference Letter:

“Glover- Hill has demonstrated to be a very reliable mechanical contractor for municipal work and has performed exceptionally on the projects listed. Kenaidan would not hesitate to hire or recommend Glover-Hill for projects of similar size or complexity.”

Gian Fortuna, Vice President, Contracts

NAC (North America Construction (1993) Ltd.)

Project: Lakeview WWTP Expansion Project, Contract 4 (CAPEX)

Excerpt from Reference Letter:

“This was a demanding and complex project with approximate value of \$90,000,000. Glover-Hill was a significant asset to the project team and deserve much of the credit for the success of this project. They conducted themselves in a professional manner, could be trusted and genuinely cared and made a strong effort when important issues and deadlines needed to be addressed. In addition, they demonstrated their strong technical skills and knowledge in this municipal field of work.

We expect to work with Glover-Hill again and would recommend them on future projects”.

Alex Black, P.Eng, Project Manager

City of Hamilton

Project: Woodward WWTP: Rehabilitation of the Digester Gas System w/ Electrical Upgrades
and Digester Yard Sludge Pipe: Contract 4,400,000

Excerpt from Reference Letter:

“Glover-Hill performed general contractor duties and responsibilities satisfactorily on both projects. The City also appreciated the efforts to improve the contract by offering alternative methods for engineering and construction. This also included suggestions for future capital projects. The City supports using Glover-Hill on other wastewater treatment projects.”

Pierre Solda, C.E.T., Senior Project Manager
